

ABDULRAHMAN A

AWS Cloud & DevOps Engineer

Trichy, Tamil Nadu, India | +91 8248088037 | abdulrahman90196@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

AWS Cloud & DevOps Engineer with 1+ year of hands-on experience in AWS cloud infrastructure, Terraform, Docker, Linux, CI/CD, and production deployments. Experienced in Infrastructure as Code (IaC), AWS ECS Fargate, VPC, IAM, ALB, WAF, CloudWatch, ECR, RDS, and automated CI/CD pipelines using GitHub Actions and AWS DevOps services. Hands-on experience building scalable and secure cloud infrastructure, containerized deployments, Blue-Green deployments, Linux server administration, and IaC security scanning with Checkov.

TECHNICAL SKILLS

Cloud & AWS: AWS, EC2, S3, IAM, VPC, RDS, ECS Fargate, ECR, WAF, ALB, Route 53, ACM, EBS, EFS, Auto Scaling Groups (ASG), CloudFront, SNS, CloudTrail, CodePipeline, CodeBuild, CodeDeploy

CI/CD & DevOps: Git, GitHub Actions, Jenkins, Docker Compose, Kubernetes (Basic), Terraform, Terraform Modules, Checkov, Nginx

Monitoring & Observability: Amazon CloudWatch, Prometheus, Grafana

Networking: TCP/IP, DNS, HTTP/HTTPS, DHCP, OSI Model

Scripting & Database: Python, Shell Scripting, MySQL

Operating Systems: Linux (Ubuntu, Debian), Windows

WORK EXPERIENCE

Role: Junior DevOps Engineer | CloudGarage LLP | July 2025 – Present

- Automated AWS infrastructure provisioning using Terraform and integrated infrastructure deployment workflows with CI/CD pipelines.
- Administered Linux production servers and deployed containerized applications using Docker and Docker Compose in production environments.
- Executed production application releases and deployments across AWS and Linux-based cloud environments using automated and manual deployment workflows.
- Designed and implemented secure, scalable AWS cloud infrastructure using VPC, IAM, networking, and application-specific infrastructure configurations.
- Collaborated with frontend and backend teams to integrate AWS infrastructure, CI/CD workflows, and deployment environments with application platforms.

PROJECTS

Server Deployment & DevOps Operations | July 2025 – Present

Tools: Linux | Docker | Docker Compose | Nginx | GitHub Actions

- Deployed, managed, and maintained applications on Linux servers in production environments.**
- Containerized applications using Docker and Docker Compose.**
- Configured **Nginx reverse proxy, SSL/TLS**, and domain routing for **secure application hosting**.
- Automated build, testing, and deployment workflows using GitHub Actions.**
- Executed **production deployments** through **automated and manual release processes**.
- Managed **production deployments** for **Vivagham Singapore, Labely, VRB Garments, and AutoCloud**.

Auto Cloud – Multi-Cloud Automation Platform | March 2026 – June 2026

Tools: AWS | Terraform | GitHub Actions | Checkov

- Developed and maintained reusable Terraform modules for AWS infrastructure provisioning.
- Collected client-specific infrastructure requirements and customized Terraform .tfvars configurations based on deployment requirements.
- Integrated Checkov into the Terraform workflow for Infrastructure as Code (IaC) security scanning and configuration validation.
- Designed modular Terraform configurations supporting dynamic infrastructure provisioning across different customer requirements.
- Collaborated with front-end and backend teams** to integrate cloud infrastructure with the application platform.

Sumisa Tech – AWS DevOps & CI/CD Platform | December 2025 – February 2026

Tools: AWS | Terraform | ECS Fargate | CodePipeline | CodeBuild | CodeDeploy

- Designed AWS cloud infrastructure using Terraform.
- Built CI/CD pipelines using AWS CodePipeline, CodeBuild, and CodeDeploy.
- Implemented **Blue-Green deployments on Amazon ECS Fargate**.
- Configured **Application Load Balancer (ALB)** with multiple target groups.
- Designed secure **VPC architecture across two Availability Zones**.
- Implemented AWS WAF, CloudWatch monitoring, SNS notifications, and IAM least-privilege policies.

EDUCATION

B.Tech – Information Technology | August 2021 – June 2024

University College of Engineering (BIT Campus), Anna University, Trichy | CGPA: 7.13/10

Diploma in Engineering | June 2018 – July 2021

Kongunadu Polytechnic College, Trichy | CGPA: 8.30/10

CERTIFICATIONS

- Networking Basics — Cisco Networking Academy | Issued March 2026 | [View](#)
- AWS Cloud Engineer Intern — CloudGarage LLP | April 2025 – June 2025 | [View](#)
